NO PRESSURE FEBRUARY

Did you know there is a ministry at Woodlawn that is designed to foster growth in your walk with Christ? It also gives you a time to ask questions you've had about faith and the Bible. You will get reliable information that is based not just in opinion, but researched facts and thoughts that are consistent with historical Christianity. But this ministry isn't just about acquiring information or simply retelling the stories from the Bible. This ministry provides believers opportunities to use their spiritual gifts. It is a ministry of discipleship, responsibility and accountability. This ministry also has people waiting and wanting to get to know you and hang out with you, and pray for you. They want to encourage you and help you apply God's word to your life, share the gospel with others, and provide a place you can freely explore your faith.

This ministry...is Sunday School.

If you are not already active in a Sunday School class please continue reading. We feel so strongly about the benefits of Sunday School that we are taking the month of February to provide you with an intentional time to visit up to four different classes. There are booklets available on the tables in the foyer of the Worship Center. They contain the location, time, curriculum and a short description of each class. We've also included a short description of our Children and Youth programs for parents. These classes welcome your engagement.

But, you don't need to feel any pressure to attend the same class the next Sunday.
